Dorothy and Robert DeBolt have been described as ordinary people, with an extraordinary amount of love. Now the proud parents to 20 children, their work as loving, supportive parents, and internationally recognized humanitarian leaders continues.

WHO ARE THE DE BOLTS? Presents an authentic and sensitive portrait of a special family. All but six of the DeBolt children have had to overcome tremendous challenges. Physically handicapped, or victims of war or catastrophe, these children deal with the most fundamental issues—love, courage, finding one's identity, becoming a whole person. The DeBolt children are the stars of this portrait of a healthy, loving family whose individual members are encouraged to grow and develop in their own ways. An academy award winner that gives a magnificent demonstration of what human beings can accomplish.
